## PYTHON 3.7.0 was installed

A screenshot of a Windows desktop with a taskbar at the bottom. The taskbar includes a search bar, several application icons (like a folder, a game, and a browser), and system tray icons showing weather (24°C Haze) and time (04:40, 10-11-2022). The main window is titled 'Python 3.7.0 Shell' and contains the following text:

```
Python 3.7.0 (v3.7.0:1bf9cc5093, Jun 27 2018, 04:59:51) [MSC v.1914 64 bit (AMD64)] on win32
Type "copyright", "credits" or "license()" for more information.
>>> print("Hello IBM")
Hello IBM
>>> value1=9
>>> value2=4
>>> print(value1+value2)

```

A second screenshot of the 'Python 3.7.0 Shell' window. It shows the same initial text as the first screenshot, followed by a restart command and input prompts:
